In ancient Rome, what did soldiers receive as wages?

1. Salt
2. Bread
3. Gold

Salt

The Romans knew how to get salt well and every soldier was entitled to a certain amount of salt - «salarium argentum». The English word "salary" probably also comes from there.

The National Career Guidance Awards competition aims to highlight and acknowledge exemplary practices in the field of career guidance in Latvia. The first competition dates back to 2019, and it has since evolved into an annual tradition. The awards competition is organized by Euroguidance Latvia, hosted by the State Education Development Agency. In 2024, the competition took place for the sixth time, from March 18 to June 21. Participants had the opportunity to submit applications to showcase their own accomplishments or to nominate others. Collective authorship submissions were also welcomed. Below please find descriptions of awarded practices in 2024.

Translation of description of practices is provided by Euroguidance Latvia.

Co-funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or EACEA. Neither the European Union nor the granting authority can be held responsible for them.
