- The essence of the work
- The most important tasks
- Tasks in detail
- Challenges
- Difficulties
- What skills are needed?
- The beauty of the work
- Further education and career paths

The screenshot shows a professional profile for András Huszár, a climate policy expert. The header includes the organization's logo and name, 'Miénk a Pálya Alapítvány', along with navigation links for 'Diákok', 'Iskolák', 'Rólunk', 'Podcast', 'Blog', and 'Adománygyűjtés'. Social media icons for Instagram, Facebook, and LinkedIn are also present. The main content area features a large portrait of András Huszár, his title 'KLÍMAPOLITIKAI SZAKÉRTŐ', and his name 'HUSZÁR ANDRÁS'. A quote from him is displayed: 'A célunk, hogy Magyarország is egy fenntartható, környezeti szempontból harmonikus, élhető helyé váljon.' Below the quote, his workplace 'Munkahely: Green Policy Center' is listed, followed by his position 'Pozíció: igazgató, társalapító', his expertise 'Végzettség: környezetvédelmi szakjogász', his education 'Tanulmányok: jogi kar (ELTE), European Business Law (Dublin)', and his languages 'Nyelvtudás: angol, német'. At the bottom, a white box contains five statistics: '10 perc' for reading time, '6' for key competencies, '6' for challenges, '4' for career path, and '3 x 5 perc' for video overview.

OLVASÁSI IDŐ	KULCSKOMPETENCIA	KIHÍVÁS	KARRIERÚT	VIDEÓRÉSZLET
10 perc	6	6	4	3 x 5 perc

# Structure of the curriculum

- Structured format helps to compare different opportunities
- Level of knowledge is adjusted to secondary school students
- Video helps processing the unit (1 profession)
- Video is consistent with content consumption habits of youngsters
- Self-reflecting worksheet helps to think about how the profession fits to the student
- Helps to formulate questions and to plan following steps

# Obstacles of career guidance in schools

- Specific dynamics in class
- Rigid curriculum in secondary schools
- Teachers do not like when their lessons fall out
- There are very few career guidance teachers
- Burdens of dealing with specific issues
- Lack of specific methodology and useful toolboxes

# Applicability in schools

- Can be integrated into sustainability theme week
- In small groups or individually
- Class teacher lessons
- Processing as homework
- Preparing with questions for career guidance days
- Sessions in career guidance day
- Subjects can be linked to fields of work
